ANNUAL REPORT

OF THE

TOWN OFFICERS

OF THE

TOWN OF WOODSTOCK

FOR THE

YEAR ENDING FEBRUARY 15, 1903.

---

1903:  
PLYMOUTH RECORD JOB PRINT,  
Plymouth, N. H.

# WARRANT.

---

## STATE OF NEW HAMPSHIRE.

*To the Inhabitants of the Town of Woodstock in the County of Grafton, in said State, qualified to vote in town affairs.*

You ore hereby notified to meet at the town house in said town on Tuesday, the tenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To see if the town will authorize the Selectmen to hire such sums of money as may be necessary to pay town debt.

4. To see what sum of money the town will raise for support of highways.

5. To see what sum of money the town will raise for Memorial day.

6. To see how much money the town will raise in addition to what the law requires for the support of schools.

7. To see what sum of money the town will raise to repair Potato Hill road.

8. To see how much money the town will raise to repair Lost River road.

9. To see how much money the town will raise in addition to what the law requires to purchase books for the Moosilauke free public library.

10. To see if the town will vote to authorize and instruct the selectmen to lay surface pipe to carry water from the main water pipe to land of Charles H. Raymond, which was formerly a part of the W. R. Beard farm, provided said Raymond erects a cottage thereon.

11. To see if the town will vote to reimburse the North Woodstock Water Company for the money paid out by said company for the H. N. Fisher extension.

12. To see if the town will vote to authorize and instruct the collector of taxes to make a discount on all taxes paid on or before Sept. 1st, and if so what per cent.

13. To see if the town will vote to move or permit the North Woodstock Fire Precinct to move the lock-up at North Woodstock, providing the precinct will procure a suitable piece of land upon which to set it.

14. To take the sense of the qualified voters whether the alterations and amendments of the constitution proposed by the constitutional convention shall be approved.

15. To transact any other business that may legally come before this meeting.

Given under our hands and seal the 20th day of February, in the year of our Lord nineteen hundred and three.

## REPORT OF SCHOOL BOARD.

---

On the whole the board is of the opinion that the schools have been successful. The average attendance for the year is above that of last year, and we are pleased to note that more interest and confidence seems prevalent on the part of the parents than last year. It has been the endeavor of the board to get just as competent teachers as the funds placed at its disposal would permit, and at the same time keep in mind the importance of having full terms. The fall term at the Center was somewhat broken on account of being unable to procure a suitable teacher. Mrs. E. D. Burtt, a former teacher in this school, very kindly consented to teach until someone could be secured, which she did for five weeks with her usual success. At this time the board secured the services of Miss Isa M. Clark of Danbury, whose work proved highly satisfactory to all concerned. Miss Clark taught the balance of the fall term and the full winter term. Although these terms were somewhat broken the full number of weeks were had.

At this point it may be well to state that the schools of last year were cut short on account of diphtheria and bad weather, and the board's report advised having additional school this year to make up, but the town's appropriation was one hundred dollars smaller than last year which prevented us from doing so, but we were enabled to have 30 weeks however in all the districts except the Tannery district, so-called, which had 8 weeks. The register for this school shows the enrollment of only three scholars. Under our present school laws one scholar is entitled to just as much schooling as another in our common schools, no matter how remote the neighborhood or how few the scholars. Last year the board made arrangements with the School Board of Thornton to school the scholars in the Tannery

district and considering the fact that the Thornton school is so near this neighborhood, we feel that it would be to the advantage of the scholars and also our town if the parents would co-operate with the board in carrying this arrangement into effect.

At the beginning of the spring term the board appointed a truant officer in the person of Mr. W. A. Smith, who, we are pleased to note, took much interest in his work which is responsible in a great measure for the good average attendance, especially during the spring term.

The board's report for last year brought upon it considerable censure in as much as it alluded to the care of the school houses at North Woodstock. Bearing this in mind, the board diligently endeavored to secure some responsible party that would do the work for less but were unable to do so. We secured the services of Mr. W. F. Butler, Sr., for 25 cents per day, and when we consider the fact that it takes at least two hours each day, and also the very efficient manner in which Mr. Butler did his work, we are frank enough to state that the work was very satisfactorily and economically done. Mr. F. J. Thurston took like care of the Center school house. We believe that the good school houses we have warrant good care which means comfort for the teacher and pupils.

We respectfully ask the residents of the district to consider the advisability of connecting the school houses in North Woodstock with the water service which runs close by the same. This is no recommendation on the part of the board, simply a suggestion for consideration, having in mind the sanitary conditions of the schools.

A brief review of the several schools is as follows:

The school at the Tannery was in charge of Miss Bertha M. Campbell, a resident of the district. The register for this school, as before stated, contains the names of

only three scholars but the per cent in attendance was 89, which proves that Miss Campbell succeeded in interesting her pupils. We believe that her efforts were appreciated by both parents and scholars.

The spring term at the Center was taught by Miss Mary E. Perkins. The average membership was 30 and the average attendance was 27. Miss Perkins was a lady of estimable character and we are of the opinion that had the school more fully appreciated her wishes and desires it would have proven more advantageous to both teacher and pupils.

The fall and winter terms were in charge of Mrs. E. D. Burt and Miss Isa M. Clark. The average attendance for the fall term was 16 and average membership, 19. Winter term, average membership, 26; average attendance, 22. These terms as before stated were highly successful.

The Grammar school at North Woodstock was under the direction of Miss Elizabeth E. Goodwin of Windham for three terms. Average membership for the year, 26; average attendance, 23. We believe that Miss Goodwin is one of the best teachers that ever took charge of a country school. Her work was thorough, no subject being passed until it was impressed upon the pupil's mind in a practical manner. She was a disciplinarian in a full sense of the word and her work will have a lasting effect. So thorough and practical was her work that one class in this school is competent to make the town taxes and cast the interest on the town bonds accurately, as was proved to one member of the board.

In the primary school the board was obliged to lose the services of Miss Bertha F. Parker at the close of the spring term, who had so successfully conducted this school for several terms, but was fortunate in securing the services of Miss Effie T. Smith whose work was highly successful. As we mentioned in our last report the primary school in a

measure is the most important school of all for it is there that the foundation for an education is laid and the more firm and practical it is, the more promising the future advancement. Miss Smith, we believe, proved herself competent to do this. Average membership for the year, 24; average attendance, 22.

In closing the board will state that it is much pleased to see so many visitor's names on the registers as it proves that parents and friends take an interest in the schools. We would most respectfully recommend that these visits be increased in number for by so doing the parents and friends can keep in close touch with the school work, something in which we should all be much interested.

Respectfully submitted,
